Kissing Cousins:  
*Diverse Age Play and Familial Roles in Kink*  

Presented by Lee Harrington – © PassionAndSoul.com

When most people outside of the BDSM community talk about Age Play, images like adults in diapers tend to turn a lot of folks off (even if that can be fun). But Age Play for consenting adults can be SO much more! We will explore personal, cultural and universal archetypes of parenthood, childhood, and all kinds of kidhood and adulthood to find a voice for our own diverse desires... from naughty teenage girlz (who says kidz are bottoms?) to packs of boy scoutz, let’s look at pre-verbal, toddler, schoolkid, teen, and a wide variety of adult roles that we can enjoy for role play or lifestyle identities. Daddies, Mommies, other Familial roles will be explored, as well as how to incorporate age play into your other kinks, while we also touch on the land mines of our pasts and helping Kidz and Adultz who have been emotionally hurt by past kink relationships.

*A bit about the presenter, and the approach to today’s workshop.*

What is ageplay?

Why do ageplay as a “kid”?

Why do ageplay as an “adult”?

What are Universal, Cultural, and Personal archetypes?

What gave us joy (non-sexual) as children?

Why haven’t we done them?
